**FIA WORLD CUP FOR CROSS COUNTRY BAJAS
28th ITALIAN BAJA, 9th-11th SEPTEMBER 2021**

Vaccinated against everything!

Almost thirty years into the Italian Baja history and the Fuoristrada Club 4x4 Pordenone swiftly overcame each kind of difficulty.

In March this year, our organising machine officially re-started with the Artugna Race, demonstrating that we are able to manage the sport event complying with the anti-Covid measures, but also to always care about our Land proposing two important news.

The Race Headquarter has been moved to the Pordenone Freight Village – Wholesale Centre.

Because of the approximate FIA calendar, last Autumn we were not able to commit the Pordenone Fair to the race for a such uncertain period – although since 2009 it demonstrated to be a consolidated Italian Baja partner –, considering also its effort in planning its own events for the year 2021. In a certain way we have been a kind of “prophet”, as in the meanwhile the Fair became a fundamental vaccination hub.

The race area has been broadened until the piedmont territory, from Fontanafredda to Polcenigo, from Budoia to Aviano, thanks to an agreement with the local administrative offices, which is going to be furthermore developed during next years. At the moment the news concern just the Artugna Race, as the World Cup race keeps its route along the Cellina, Meduna, Cosa and Tagliamento riverbeds, in a lush extraordinary open-air scenery .

All our efforts are now concentrated on the World Cup date in September, from Thursday 9th to Saturday 11th. Competitors will face three very busy days, but it will deal on eight days (from Sunday to Sunday) of extraordinary work for the Fuoristrada Club, its partners and co-operators. Thanks to the availability demonstrated by the Pordenone Freight Village – Wholesale Centre, the Italian Baja will dispose on a fantastic “open container” equipped with protected areas addressed to the Race Direction, press office, classification centre. secretary, scrutineering and administrative checks, service park and refuelling area.

We'll be waiting for you with all our enthusiasm!

4. SERVICE PARK

All Teams which have to reach their own Service Area must first go to the Service Accreditation Centre (SAC). GPS POINT: N 45°56'40.21" – E 12°40'29.54"

SAC will be open on Wednesday, September 8th and Thursday, September 9th from 9 am to 7 pm, also for the collection of stickers, service plates, bracelets and for all instructions to be followed to reach each own service area.

All Teams will be placed in the Service Park by Organisers.

Vehicles' speed inside the service parks must not exceed 30 kph.

NOTICE: inside the Service Park it is absolutely prohibited to park trolleys, transporters and trailers outside the assigned service area. A dedicated area will be at disposal of competitors for parking these vehicles. Thank you for your kind cooperation.

The service areas are NOT included in the entry fee but can be purchased in lots with a minimum of 100 sq m. Competitors who do not wish to purchase a space can share the same area purchased by another competitor. Organisers must be informed about the shared area before the registration deadline.

The assistance fee includes:

- waste recycling collection area for mixed waste, waste oil, paper etc.
- public toilets
- general safety in the Service Park (when the service area is open)

4.1 Access to the service park

The SERVICE, TRUCK and TRIANGULAR STICKER plates necessary to access the service park will be collected by pilots at the SAC entrance, the TEAM MANAGER plate will be collected during the materials' distribution.

The AUXILIARY plates does not allow the access to the Service Park.

Once positioned, only the service or passenger transport vehicles equipped with a pass (Service, Team Manager) will be allowed to enter and exit the service park. All other vehicles will not be allowed to leave the Service Park until the end of the event.

Payment for the SERVICE, AUXILIARY and TRUCK plates must be made during the crew entries.

The plates must be affixed to the vehicle in a visible position, allowing organizers to immediately see them.

As for the special waste, a “recycling area” will be realized near the assistance area, to allow the waste disposal of the following materials:

Car and bike batteries;

Windscreen;

Lamps;

Engine oil and other emulsions;

Oil filters;

Tyres;

Contaminated wiping cloths and protective clothing.

To avoid unpleasant inconveniences, a deposit of € 50.00 will be requested at the arrival check-in for the assistance area and returned once the competitor leaves the area after being checked by the Organisers' representative.

17. TOURIST and FOOD&WINE ITINERARIES

Friuli, an often-underestimated region, actually offers endless opportunities to have fun and discover enchanting places.

One of the most fascinating aspect is certainly the historical and cultural one but also its food and wine offer plays an important role.

The Friuli Venezia Giulia region is characterized by truly special food and wine itineraries. This is a region with a thousand flavours, where the different landscapes and the environmental differences influence also the culinary recipes. It is worth mentioning the typical dishes of the Carnia mountains, those one of Trieste and Gorizia offering a mix of Balkan and Mediterranean specialities, up to the Friulian cuisine that stands out for its delicatessen tradition. Friuli also boasts a rich wine tradition both for red wines, typical of the Grave area, and for the white wines from the Venezia-Giulia area. Among these the famous Friulano (Tocai).

These are just some of the reasons why this region is increasingly becoming an indispensable destination for all this sector's fans.

APPENDIX III

COVID Protocol

This protocol is planned in compliance with FIA ISC Covid 19 Code of Conduct - Appendix S and serves as a "Covid-19 Mitigation Plan" according to the Code. In any case, local regulations prevail over these documents.

Terms written in italics not defined in this document keep the meaning given to them in the Covid-19 Code or the ISC.

To avoid any misunderstanding, just considering only this Covid Protocol, the term Stakeholders includes all parts as per Covid-19 Code Art. 3.1 and specifically each Competitor (Team).

Any necessary change of these operational guidance before or during the Italian Event will be communicated by an updating of this document.

For any information about Covid-19 or self-reporting of Covid-19 symptoms, contact:

Mr. Andrea VIGNOLA – covidmanager@italianbaja.com Tel: +39 338 4204675

In case of Covid-19 symptoms observed outside one's own territory, it is compulsory to contact the local medical facility. In case of positive Covid-19 test result, a quarantine could be required.

If you feel ANY symptoms at any time, please follow these instructions:

- Go to quarantine IMMEDIATELY
- Contact COVID Manager **Andrea Vignola**, covidmanager@italianbaja.com, +39 338 4204675 for more info.

Obey the Covid Manager and follow his instructions and orders

1.Explanation and procedure related to Covid-19 guidelines

High Density Areas as defined in the COVID-19 Code: The Service Park and selected parts of the Baja HQ will be defined as High Density Area from 9am on Wednesday, September 8th 2021. From this time only Profile 1 Attendees will be allowed to access the High-Density Area.

All other parts of the Baja route including stages will be considered Low Density Areas. Accordingly, people who are not requiring access to the High-Density Areas will be considered Profile 2 Attendees

2. Specific requirements imposed by the Italian Government

- a) Every person entering Italy by any means of transport will need to complete a self-declaration form before the departure date.

Since May 25th the self-declaration form is online: <https://app.euplf.eu/#/>

The pdf and QR code received at the end of the online registration must be then shown to the Airport authority.

- b) A Molecular or Antigen test taken in the 48 hours prior to entry into Italian territory. Motorsport events organized in Italy benefit from a special exemption, authorizing people to participate in International events just certifying the negative result of a molecular or antigen test (which must be indicated in the declaration mentioned at the above “a” point) taken in the 48 hours prior to entry into Italian territory.
- c) The presence must be notified to the local health authority by sending an e-mail to: Tba
The Stakeholder’s representative can send one e-mail for the whole group, specifying personal details of each participant.
- d) The Covid-19 protocol established by FIA and ACI Sport must be respected. The exemption described in the above “b” point is granted for motorsport events only.

3. Procedures at the arrival in Pordenone and before to access the Baja Area

Before accessing the Baja Area, only the Stakeholder’s representative will be admitted to the Service Accreditation Centre (SAC), to collect the relevant accreditations for attending the Event.

The SAC is located outside the Baja HQ and outside the Service Park:

“Interporto Centro Ingrosso Pordenone -Dogana”

Gps Coordinate: 45°56’40.21 N – 12°40’29.54 E

Stakeholders will be assigned a different colored bracelet depending on the role and on which areas they need to access. The entry bracelet must be worn until the end of the event. The bracelet can be replaced upon return of the damaged one. A triage area will be installed at the entrance of each site (Rally HQ, SP), to check body temperature; in case of temperature higher than 37.5°C, the attendee who will remain isolated in the dedicated isolation area must immediately contact the Covid Manager and follow his instructions.
