Turistic itineraries

Friuli, an often underestimated region, actually offers endless opportunities to have fun and discover enchanting places. One of the most fascinating sides is certainly the historical and cultural one, but the food and wine part should not be underestimated. The Friuli Venezia Giulia region boasts truly special food and wine itineraries. This is a region of a thousand flavours, where the different landscapes and environmental differences are also reflected in the culinary recipes. It is worth mentioning the mountain dishes of Carnia, those typical of Trieste and Gorizia, which offer a mix of Balkan and Mediterranean specialties, up to the Friulian cuisine, which stands out for its charcuterie tradition. Friuli also boasts a rich wine tradition both for the reds, typical of the Grave area, and for the whites of Venezia-Giulia. Among these the famous Friulano (Tocai).

These and more are the reasons why the Friulian territory is increasingly becoming an unmissable destination for enthusiasts of the sector.
