32nd ITALIAN BAJA

Here we are, finally! Punctual as every year since 1993 and making 32!!! Also, this year energy, enthusiasm, desire to grow, amaze and entertain, in a competition that mixes adventure, courage, talent, driving skills and... luck.

We are ready, the Italian Baja 2025 is ready to be lived intensely together with you, drivers and navigators, protagonists of the Italian Championship, the Fia World Cup for Cross Country Bajas and of the Fia European Cross Country Bajas.

We are waiting for you in Pordenone!

Fuoristrada Club 4x4 Pordenone, has considerable experience and great passion, and we are confident that Italian Baja 2025 will offer a challenging route for competitors and allow them to get to know a race that is reflected in the transparent waters of the Meduna, Tagliamento and Cosa rivers, on wide, gravelly shores.

All the staff work incessantly for the realization of an exciting and functional event, and to encourage all enthusiasts and others to take positive action for the protection of the environment and the future of our planet as well as the safety of all those present.

TOURIST ITINERARIES

Friuli, an often underestimated region, actually offers endless opportunities to have fun and discover enchanting places. One of the most fascinating sides is certainly the historical and cultural one, but the food and wine side should not be underestimated. The Friuli Venezia Giulia region boasts truly unique food and wine itineraries. This is a region of a thousand flavors, where the different landscapes and environmental differences are also reflected in the culinary recipes. It is worth mentioning the mountain dishes of Carnia, those typical of Trieste and Gorizia, which offer a mix of Balkan and Mediterranean specialties, up to the Friulian cuisine, which stands out for its tradition of cured meats. Friuli also boasts a rich wine tradition for both reds, typical of the Grave area, and for the whites of Venezia-Giulia. Among these, the famous Friulano (Tocai). These and more are the reasons why the Friulian territory is increasingly becoming an essential destination for enthusiasts of the sector.
